Κατάλογος θεμάτων προηγούμενων τευχών της Βιβλιογραφίας / List of topics of previous issues of <i>Bibliography</i>	89

Εισαγωγή / Introduction

Κάθε τεύχος της τριμηνιαίας ηλεκτρονικής έκδοσης **Βιβλιογραφία** αφορά ένα θέμα που σχετίζεται με την οικονομική, χρηματοοικονομική και τραπεζική επικαιρότητα. Οι πηγές που παρατίθενται στην **Βιβλιογραφία** προέρχονται από την έντυπη και την ηλεκτρονική συλλογή της Βιβλιοθήκης. Με την έκδοση αυτή επιδιώκεται η δημιουργία θεματικών εργαλείων ως έτοιμων πηγών, που θα βοηθήσουν τον ερευνητή και τον ενδιαφερόμενο για το θέμα που πραγματεύεται κάθε τεύχος.

Το θέμα του τεύχους αρ. 53 (Οκτώβριος-Δεκέμβριος 2019) είναι το **Βραβείο Νόμπελ στην Οικονομική Επιστήμη**. Το θέμα επιλέχθηκε με αφορμή την επέτειο των 51 ετών από την καθιέρωση του *Sveriges Riksbank Prize in Economic Sciences*. Το 1968 η Sveriges Riksbank (Κεντρική Τράπεζα της Σουηδίας) καθιέρωσε το Βραβείο Οικονομικών Επιστημών εις μνήμην του Alfred Nobel. Το βραβείο βασίζεται σε δωρεά του Ιδρύματος Nobel από το 1968, επ' ευκαιρία της 300ής επετείου από την ίδρυση της Τράπεζας. Από το 1969 έως το 2019 το βραβείο έχει απονεμηθεί σε 84 Νομπελίστες. Το πρώτο βραβείο απονεμήθηκε στους Ragnar Frisch και Jan Tinbergen το 1969.

Στο παρόν τεύχος της **Βιβλιογραφίας** οι βραβευθέντες παρουσιάζονται ανά έτος βράβευσης στο διάστημα 1969-2019, σε αντίστροφη χρονολογική σειρά. Περιλαμβάνονται βιβλία των βραβευθέντων από την συλλογή της Βιβλιοθήκης με συνδέσμους στην ηλεκτρονική μορφή τους, όπου παρέχονται. Περιέχονται επίσης επιλεγμένα άρθρα περιοδικών από ή για τους βραβευθέντες από την ηλεκτρονική συλλογή περιοδικών της Βιβλιοθήκης¹.

Αθήνα, Δεκέμβριος 2019

Each issue of the quarterly online publication called **Bibliography** refers to an economic, financial and banking topic of current interest. The resources listed in the **Bibliography** originate from the print and electronic collection of the Library. The purpose of the publication is to create ready-reference subject research tools which will be utilized by the researcher and everyone interested in the topic of each issue.

The topic of the issue no. 53 (October-December 2019) is the **Nobel Prize in Economics**. This topic has been selected on the occasion of the 51st anniversary of the establishment of the Sveriges Riksbank Prize in Economic Sciences in Memory of Alfred Nobel. In 1968, Sveriges Riksbank (Sweden's central bank) established the Prize in Economic Sciences in Memory of Alfred Nobel, founder of the Nobel Prize. The Prize is based on a donation received by the Nobel Foundation in 1968 from Sveriges Riksbank on the Bank's 300th anniversary. The Prize has been awarded to 84 Laureates between 1969 and 2019. The first Prize in Economic Sciences was awarded to Ragnar Frisch and Jan Tinbergen in 1969.²

The current issue of **Bibliography** presents the work of the Nobel Laureates by year of the prize for the period 1969-2019 in reverse chronological order. The issue includes books of each Laureate each year from the Library's book collection with links to the respective online formats of the books, where available. It also includes a selection of journal articles by or about the Laureates from the electronic journal collection of the Library.

2002: Daniel Kahneman and Vernon L. Smith

1. Daniel Kahneman

Awarded for having integrated insights from psychological research into economic science, especially concerning human judgment and decision-making under uncertainty

Affiliation at the time of the award: Princeton University, Princeton, NJ, USA

2. Vernon L. Smith

Awarded for having established laboratory experiments as a tool in empirical economic analysis, especially in the study of alternative market mechanisms

Affiliation at the time of the award: George Mason University, Fairfax, VA, USA
