

Michael A Landesmann is Scientific Director of The Vienna Institute for International Economic Studies (wiiw) and Professor of economics at the Johannes Kepler University Linz, Austria where he is also department head of economic theory and quantitative economics. His research focuses on international economics, economic growth and structural change, industrial economics and labour markets. Apart from his participation in and co-ordination of a large number of international research projects (European Commission, World Bank, ILO, UNCTAD, etc.), Michael Landesmann is member of the Coordinating Committee of the European Trade Study Group (ETSG), the main European academic forum on international economics. In addition, he was member of the Group 'Economic Analysis', the Group of Economic Policy Advisors under the chairmanship of former EU Commission President Romano Prodi. Michael Landesmann completed his doctorate in economics at Oxford University (Balliol College) and was Fellow and Lecturer in Economics, Jesus College, Cambridge and Senior Research Officer at the Department of Applied Economics, University of Cambridge. He is Founding Managing Editor of *Structural Change and Economic Dynamics*, North Holland and a member of the editorial boards of a range of academic journals. He was Schumpeter Research Professor at Harvard University (USA) and held Visiting Professorships at the Graduate School of International Economics and Finance, Brandeis Univ. (USA), University of Basel (Switzerland), Central European University and CERGE-EI (Prague; Czech Republic), Bombay Univ. (India), Universities of Bologna, Modena and Padova (Italy), Osaka Univ. and Osaka City Univ. (Japan).
